

ASSISTANCE

VISION

To be Africa's most trusted medical facilitator known for compassion, transparency, and the ability to connect any patient with the right doctor, at the right hospital, at the right time.

MISSION

To empower every patient with access to affordable medical care both locally and globally, by removing barriers of information, logistics and problems that stand between people and healing.

CORE VALUES

Compassion
Integrity
Continuity
Excellence

WHAT WE DO

Hospital & Doctor Matching
Appointment & Follow up
Medical Visa Facilitation
Government clearances
Travel & Logistics
Medical report & Quotation
Case management

We are a medical facilitation company with roots in the Kenyan healthcare landscape and established connections to world-class hospitals and specialists in India and abroad. We work with patients who need help identifying the right local doctor for their condition, to those embarking on complex international treatment journeys.

We act as a trusted intermediary – coordinating medical assessments, government clearances, visa facilitation, travel logistics, and ongoing patient support from the moment you contact us to the day you return home, fully cared for.
